>95%	>95%	90%	60%	30%	20%

Forecast for Monday 14 Aug 2023

Weather: A very wet morning and early afternoon with prolonged heavy, occasionally torrential and thundery rain. Becoming drier from mid-afternoon, brightening in shelter later but cloud clinging to western fells.

Chance of cloud-free hill tops above 800m: 10-20% during heavy rain, increasing 50% later in day with best chance in the east.

Low cloud and visibility: Periods or persistent cloud 500-750m in rain, some lower patches, with poor visibility at times below cloud in the heavy rain. Cloud breaking and lifting towards evening in shelter but still clinging to western fells.
